Source Data for the Official Soil Survey
--

**Lee County - General**

The traditional final product of first generation soil survey mapping has been the soil survey publication. Each publication included soil map unit descriptions, series descriptions, tables of information (attributes), and maps. One copy of this publication is retained at the NRCS Field Office and is designated as the "Official Copy." This official copy was established to maintain the most current soil information for a survey area.

The Lee County soil survey was published in 1989. The official source of soil data is the NASIS database and the digital spatial data (SSURGO). The SSURGO tabular and/or spatial data may be downloaded from:

<http://soildatamart.nrcs.usda.gov/Download.aspx?Survey=NC105&UseState=NC>

A web-based set of data is also available. Interpretations and data may be accessed at:

<http://soildatamart.nrcs.usda.gov/Report.aspx?Survey=NC105&UseState=NC>

The data on these sites are the most current available.

Copies of the published soil survey are available from:

**SANFORD FIELD OFFICE**

**TELEPHONE:** (919) 776-2633 **FAX:** (919) 774-7709

**Mailing Address:** 2410 Tramway Road, Sanford, NC 27332-9174.

For other information, contact the NRCS field office or the NRCS Resource Soil Scientist at:

**SALISBURY AREA OFFICE**

**TELEPHONE:** (704) 637-2400 **FAX:** (704) 637-8077.

**Mailing Address:** 530 West Innes Street, Salisbury, NC 28144.
